Intern and Full Time position

As a final-year student, I am eager to kickstart my career and contribute my skills in a professional setting. My academic background has equipped me with a solid foundation in various skills, and I bring a fresh perspective, a strong work ethic, and a commitment to continuous learning. During my academic journey, I have demonstrated my ability to take up new and challenging projects, showcasing my proficiency in Web Development, which helped me in participating in many hackathons and I have also won the 3rd position in "Envisage Project Expo". I am excited to apply my knowledge, adaptability, and enthusiasm to contribute to a dynamic team and grow professionally. I am seeking an intern position where I can leverage my skills, embrace challenges, and make meaningful contributions.

WORK EXPERIENCE

ACM MJCET • Hyderabad • 07/2022 - Present

Vice Tech Captain

- Hosted Various Tech Events in College as part of the Executive Committee of ACM MJCET.

Tech Head

- Hosted Various Tech Events in College as part of the Junior Executive Committee of ACM MJCET.

EDUCATION

B.E I. T

Muffakham Jah College Of Engineering And Technology .(**CGPA: 8.3**)

PROJECTS

Weather App

It is a Web App that allows users to check the weather of any city. Developed using Html, Css, Js, NodeJS, and ExpressJS. I created my API and this API in turn calls the Open Weather API. [Link: https://\[weatherapp-rpy4.onrender.com](https://[weatherapp-rpy4.onrender.com)

ACM MJCET website

A fully functional website made by my team and I for the ACM MJCET student chapter.

Link: <https://acmmjcet.com/>

News Letter Sign-up Page

This is a typical Newsletter Signup page, where a person can enter their email and name and sign up for a newsletter. It is developed using express.js, Bootstrap and MailChimp's API. It is basically a backend project.

Link: <https://energetic-hare-sweatsuit.cyclic.app/>

Typing speed game

I made a typing game where a person can check their typing speed.

Technologies used: HTML, CSS, JS

Link: <https://aaqebll.github.io>

Campus Connect

It was a Hackathon project wherein I was the project lead and under my leadership, my team and I secured the 3rd position in Envisage Project Expo.

Miscellaneous Projects

Various Miscellaneous Projects to enhance my skills.
